

LEADERSHIP RISING

— AT EUREKA COLLEGE —

Leadership Rising was chosen as the name of the Eureka College Student Leadership Program because of its focus on helping students prepare for a future of needed social change, facing obstacles, rising to challenges where leadership is sorely needed, and to ultimately become equipped to make a difference as Eureka College students and graduates. The Eureka College Student Leadership Program provides a multitude of opportunities for students to grow and learn as leaders through the following.

- **Practicing** teamwork and leadership development through clubs and organizations, athletics, the Greek community, service and volunteer activities, fine & performing arts, classroom projects, and even student employment roles.
- **Education and Support** events that are integral to co-curricular team and leadership development for students and are offered at all levels of participation. The Student Leadership Competencies, <https://studentleadershipcompetencies.com/>, are utilized as a framework for this programming.
- **Putting into Action & Applying** all you've learned about teamwork and leadership is what will set you apart as Eureka College graduates.

PROGRAMMING OFFERED TO SUPPORT THE ABOVE 3 AREAS INCLUDE BUT ARE NOT LIMITED TO

- A Fall Leadership Kick-Off program for leaders/representatives from clubs, organizations, and athletic teams.
- Semester workshops offered specifically for groups that have commonalities in interests and the practice of teamwork and leadership (athletics, clubs & organizations, fine & performing arts, etc.).
- A Spring all-campus leadership conference offered early in the semester, which will include a mentoring component for new students (fall or spring start) to be matched with upperclass students.
- Collaboration with Career Development to encourage networking and mentoring with alumni and friends of the College including offering a leadership session as part of the Spring Career Launch.
- A Student Leadership Council (representatives from student groups) to meet 2x a semester to serve as a sounding board and feedback loop to provide input on programming.
- Partnering with the Campus Activities Board's Leadership Awards Program to be offered at the end of the academic year.
